

## Storage | tilt & file cabinets

### Features & benefits

- All steel construction with fully powdercoated scratch resistant finish
- Requires 50% less space when opened than standard vertical filing cabinets, allowing more efficient use of floor space
- Able to store different types of filing, such as colour coded files, lever arch folders, box files, etc, within the same drawer
- All drawers can be opened at once without fear of the cabinet tipping
- Semi-automatic locking system allows individual drawers to remain open whilst the others remain locked. The open drawer will lock upon closing
- Adjustable feet allow levelling of cabinet on uneven floors
- Simple drawer pivot system tested to over 70,000 cycles
- Lifetime warranty (conditions apply)
- New Zealand made

Efficient use of space

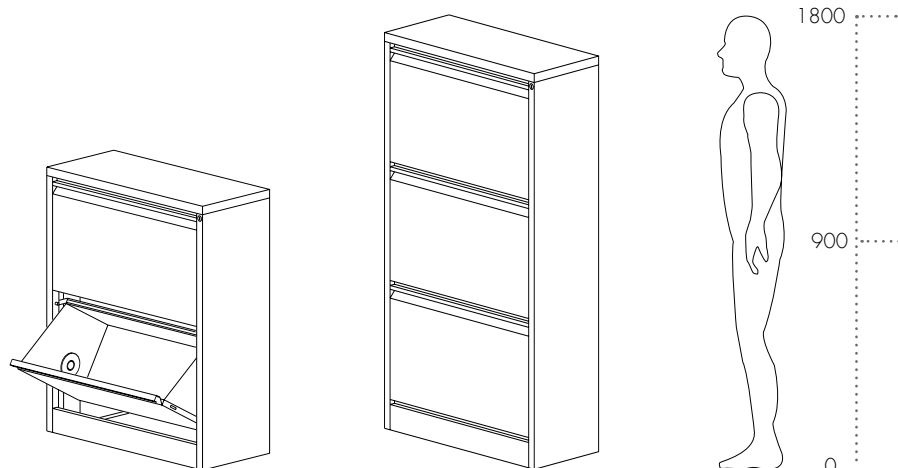

# Storage | tilt & file cabinets

description	code	external dimensions (mm)	internal dimensions (mm)	total storage capacity (suspension filing)	maximum weight (loading per drawer)	weight of cabinet
2 drawer cabinet	91501	860w x 370d x 1096h	785w x 385d x 290h	1.57 lineal metres	30 kgs	46 kgs
3 drawer cabinet	91502	860w x 370d x 1566h	785w x 385d x 290h	2.36 lineal metres	30 kgs	66 kgs
dividers	92418	additional dividers (each cabinet comes standard with one divider per drawer)
