

Plan, Brainstorm & Take Notes

Our porcelain surface consists of a steel sheet, covered with enamel and fused at approximately 800°c to create the porcelain finish. The writing surface is ultra-smooth and non-porous - which is why we've backed it with our *Forever* guarantee*.

Frameless Porcelain Whiteboards

Talk to us about our custom frameless whiteboards that offer a sleek and contemporary look that can cover part of, or the whole wall. They feature our Clarity Porcelain finish with our Forever Surface Guarantee.

Porcelain Whiteboards (Ceramic)

These strong and durable magnet receptive whiteboards will withstand many years of frequent use, while still looking great. The nonporous surface erases clean every time and won't stain, scratch or 'ghost'. A porcelain whiteboard is the best choice if your whiteboard will be used regularly. Ideal for education, commercial, and other medium to high use applications.

FEATURES

- Anodised aluminium frame with matching plastic corners
- Concealed wall fixings included
- Aluminium pen shelf included
- Magnetic receptive surface
- Secure & easy to install
- Forever Surface Guarantee*
